be sent to the chief engineer, P W D for issuance of sanctions of the revised estimate, and in the first instance

a) The revised estimate for Rs 4473 may be sanctioned

A sum of Rs 1330 is already sanctioned by the Govt as part payment prepared to meet a sum of Rs 2000 out of the total estimate

b) As the financial condition of the Municipal is now, the balance of Rs 1143 may be given as an additional grant by the Govt out of Town Improvement funds during the current year. The Municipality may be requested to push this work quickly & complete it before the close of the year. It so happens that grants are sanctioned for works of public utility & such acts is not taken with the result that the grant lapses or a revision of the estimate is necessitated - perhaps a number of times such things have to be avoided

Yours faithfully
